NYPD Has Just Under 3 Dozen Police Officers on Unpaid Leave

Over COVID Vaccine Mandate BY ALYSE MESSMER ON 11/1/21 of Newsweek

So far, only **34 police officers and 40 civilian police employees** have been placed on unpaid leave, he said.

As of Sunday, about 1 in 6 police personnel were still unvaccinated.

According to Mayor Bill de Blasio, about 9,000 of the city's municipal workers were put on unpaid leave for refusing to comply with the COVID-19. About 9 in 10 city workers required to be vaccinated have received the vaccine, and there have been no disruptions to city services from staff shortages, de Blasio said.

The city of Portland is poised to fire **91 city employees** for failing either to provide proof of vaccination or request an exemption by Oct. 18.

They're being fired today, Oct. 19.
