Who's getting vaccinated next?

Phase 1A December 12, 2020

Everyone in Phase 1A, Groups 1,2,3 and 4 are currently eligible for the vaccine.

Group 1

- Hospital staff with patient care responsibilities
- Urgent care
- Skilled nursing and memory care facility healthcare personnel (HCP) and residents
- Tribal health programs
- Emergency medical services (EMS) providers and other first responders
- All health care interpreters and traditional health workers in any setting within Phase 1a

Group 2

- Other long-term care facilities, including all paid and unpaid HCP, all staff and contractors, including residents who meet the age requirements of:
 - Residential care facilities
 - Adult foster care
 - Group homes for people with intellectual and developmental disabilities
 - Other similar congregate care sites
- Hospice programs
- Mobile crisis care and related services

- Individuals working in a correctional setting

Group 3

- HCPs in outpatient settings serving specific high-risk groups
- Day treatment services
- Non-emergency medical transport (NEMT)
- Paid or unpaid caregivers (including parents or foster parents) of medically fragile children or adults who live at home
- Adults and age-eligible children who have a medical condition or disability who receive services in their homes

Group 4

- All other outpatient HCPs
- Other HCP who provide direct service to people with I/DD and other high-risk populations.
- Other public health settings, such as HCP serving WIC, or CBO's with direct or indirect exposures

People eligible:
400,000 approximately

Phase 1B

Beyond Date TBD

Who's getting vaccinated in Oregon next

Group 1

- Childcare providers, early learning and K-12 educators and staff
Eligible week of January 25, 2021

Group 2

- People 80 and older
Eligible week of February 7, 2021

Group 3

- People 75 and older
Eligible week of February 14, 2021

Group 4

- People 70 and older
Eligible week of February 21, 2021

Group 5

- People 65 and older
Eligible week of February 28, 2021

Educators:
105,000* approximately
People over 65:
795,000* approximately

Subsequent groups will be determined in coordination with the Vaccine Advisory Committee and shared on OHA's COVID-19 vaccine web page. These are examples of groups of people who may included:

- Critical workers in high-risk settings — workers who are in industries essential to the functioning of society and substantially higher risk of exposure
- People of all ages with underlying conditions that put them at moderately higher risk
- People in prisons, jails, detention centers, and similar facilities, and staff who work in such settings
- General population

Supply

* Oregon's vaccine supply is limited. It is estimated to take 12-15 weeks to vaccinate groups 1-5 of Phase 1B.

Channel Strategy

Recommendation for vaccinating residents of Affordable Housing Properties (AHPs) by extending the CDC's Pharmacy Partner Program beyond Long-term Care Facilities. Roll-out in high risk ZIP codes starting with 97209 in the Central City of Portland, Oregon, Old Town and the Pearl District. Over 2,000 low income units

Expanded to include all senior AHPs as program in addition to AHPs by zip code approach.

Download at www.sustainabilityadvocate.com

1/18/2021 Identified 18 AHPs with nearly 2,500 units - 2,100 of them “regulated” and below market i.e. Affordable Housing. Thirty-six percent of the *units* are in Old Town and 64% are in the Pearl District.

Top three Multnomah Zip Codes by No. of COVID-19 Cases per 100K								
PROJ ZIP	No. of AHPs	No. of Cases	Cases Per 100K	Population	Black/Afro American	Hispanic	Native Hawaiian_Pac. Islanders	White
97233	13	2864	7275.1	39,367	6.53%	21.8%	1.5%	57%
97030	16	2082	5674.1	36,693	2%	18%	1.18%	53%
97209	28	799	5344.5	14,950	3.56%	5.44%		83%

Of the 603 AHPs, half of the estimated AHPs in the State, there are 33 zips with 11 or more properties. In Multnomah County 205, a third of these AHPs, are in 13 zip codes with 11 or more AHPs, the largest number, 28 are in zip code 97209 with the Pearl District having 64% of the units and Old Town 36%.

Ruth Ann Barrett, January 25th, 2021

1/25/21 Targeting County Health Department staff (second round) asking where's the plan? Released County Zip codes with 11+ Affordable Housing Properties (AHPs) emphasizing:

While age was a major factor in who died from Covid-19, neighborhoods with high concentrations of black and Latino people, as well as low-income residents, suffered the highest death rates. ([New York State](#))
